

The walls of Jericho

"Now the gates of Jericho were securely barred because of the Israelites.

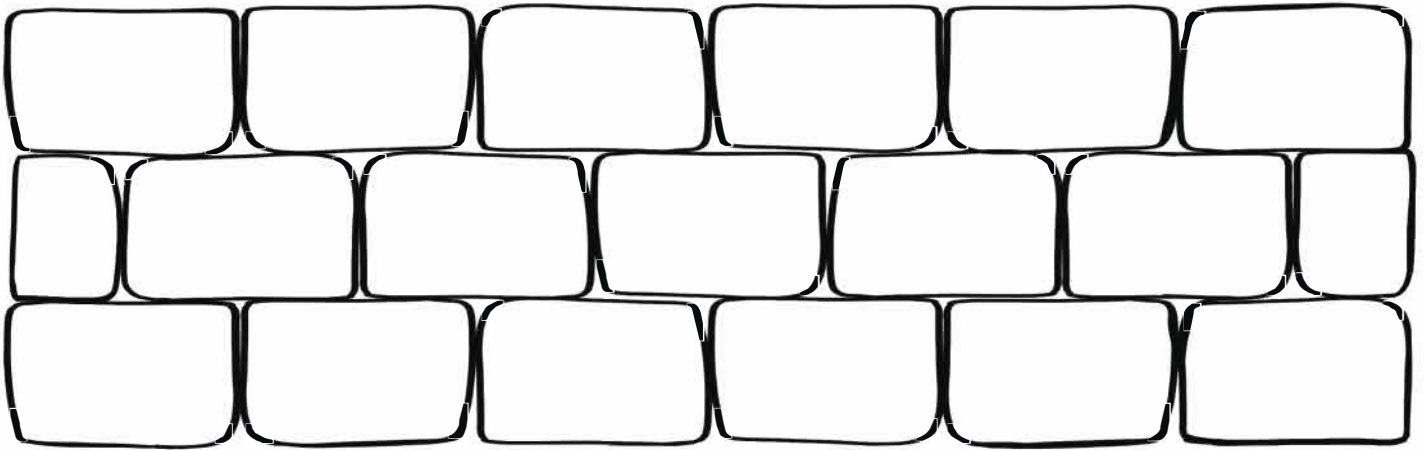

No one went out and no one came in."

Joshua 6:1 NIV

What are the walls in your life?

When Joshua and the Israelites reached Jericho, they were met by a wall with barred gates that stopped them entering the city.

Think about the struggles you are currently facing and write them in the bricks of the wall below.
As you move from one brick to the next, lift these things to God in prayer.

God asked Joshua to gather the Israelite army and have them march around the city seven times. He probably would have felt silly asking the army to do this when they were expecting to fight!

Have you ever felt silly doing something for God?

Trace your finger around the footsteps seven times.

Each time you complete the circle, take a moment to ask God to give you courage to overcome the walls you listed above.
